

Canadian Wash Select II™

- New! Fleet accounts can be added, edited or deleted through remote reporting
- Automatically sells washes and upgrades
- Maximum security with minimum maintenance
- Generates accounting reports by cash, coupons, credit, tokens & fleet
- Handles up to 1,000 fleet accounts or coupon codes
- Supports credit card processing through a dial-up or Internet connection
- Also available with a POS 4000/V2

Wash Select II™ is a premium entrance system for the self-serve automatic carwash market. Its patented, ergonomically-designed angled front, enhanced daylight-readable LCD displays and simple instructions guide customers through the wash process while encouraging the purchase of upgrades. It can accept Loonies and Twonies, bills, credit cards (via modem or Internet connection), tokens, coupon and fleet codes, and VIP Wash Pass.

The thermal printer option issues cash and credit receipts, accounting reports and configuration reports. The Wash Select's upgraded heavy-duty door, security bar, card reader, optional alarm system and an optional surveillance camera keep profits secure.

Unitec's Wash Select II is the only choice as a reliable salesperson and accountant for an unattended self-serve automatic carwash in the Canadian market.

Canadian Wash Select II & Wash Select POS
