

VIP Wash Pass™

- Promote and reward repeat customers by making them VIPs
- Build customer loyalty
- Use with the Wash Select II™, Wash Select II™ POS, Portal TI®, WashPay® and Sentinel™
- Design custom VIP Wash Pass cards with site-specific wash address, photo and/or logo
- Order directly from Unitec or through a Unitec distributor

VIP Wash Pass™ is a marketing system that offers wash customers a prepaid card for carwashes. It is an integral part of Unitec's marketing programs to build sales and customer loyalty. Accounts can be programmed for a specific number of washes or a dollar amount which allows the customers to choose the wash they prefer.

VIP Wash Pass cards are available in three styles—in the style shown above, in a black and white option, or in a customized version that is site-specific. VIP Wash Pass cards may be purchased in quantities of 50, 100 or 500.

Please note that VIP Wash Pass cards have different system requirements and functionality based on use with a Wash Select II/POS, Portal, WashPay or Sentinel. Please contact Unitec for specific information.

Customized VIP Wash Pass™

Customized VIP Wash Pass cards are designed and produced at Unitec's manufacturing facility. The cards are available in increments of 100 with your choice of colors and typeface styles, along with your site photo and/or logo. For more information, call Unitec or download the Customized VIP Wash Pass order form from the Unitec website. Some sample cards follow:
